At the Annual General Meeting during Indoor Air 2020 in Seoul, ISIAQ will install a new Board of Directors (BoD) as required by the bylaws.

A Nominating Committee has been established, including existing members of the current BoD, former BoD members and representatives from the Inclusive Excellence Committee. The committee members were chosen to encourage diversity and inclusion in the process. The members of the committee are listed below:

1. Marzena Dudzinska (EU, Current President)
2. Marcel Loomans (EU, Immediate Past President)
3. Jelle Laverge (EU, Current Treasurer)
4. Richard Corsi (US, Current President of the Academy)
5. Kerry Kinney (US, Current Trustee)
6. Harald Meyer (EU, Inclusive Excellence Committee)
7. Christopher Chao (Asia)
8. Ulla Haverinen-Shaughnessy (US/EU, Current VP Research)

As with the composition of the nominating committee, we will strive for the next BoD to be representative of our membership, with the following attributes:

1. Strong global representation, with members from the Americas, Europe/Africa and the Asia and Pacific Regions to be consistent with the international presence of ISIAQ.
2. An inclusive representation of the members of ISIAQ.
3. A cross-section of disciplines reflecting the expertise of our current ISIAQ members (scientists, engineers, practitioners) as well as disciplinary areas we would like to grow within the ISIAQ community (medical scientists and practitioners).

The Nominating Committee will actively search for potential board members. At this time, we are announcing an open call for ISIAQ-members to nominate themselves as candidates for the BoD. If you are interested in serving on the ISIAQ BoD, please submit your nomination using this form: ISIAQ 2020 BoD Nomination.
